

## ARTISTIC FINISHES DISCLAIMER

**SIGNATURE**  
custom cabinetry

In accordance with our mission of achieving excellence in stakeholder relationships, Signature Custom Cabinetry, Inc. makes every effort to communicate clearly the various characteristics of our products to our valued customers. In this spirit we feel it necessary for customers to understand the range of variation in our artistic finishes.

Our Artistic finishes are hand rubbed and each one is produced individually of any others. No one door or cabinet is duplicated and distressing, rub through, glazing and any other characteristic is applied randomly to reflect the true look of an antique finish. Therefore your final product will NOT be a duplication of any previous sample you've seen. The result is a handcrafted one of a kind artistic finish for your cabinetry.

These specific characteristics are being explained carefully, so it is clearly understood, Signature Custom Cabinetry, Inc. can not be held responsible for any natural conditions which may appear in your cabinetry.

By signing this form, you are agreeing to have Signature Custom Cabinetry, Inc. finish your order without having seen or approving a sample door for this order.
